- 1 The European Students' Union (ESU) calls upon ensuring the
- 2 continuation of the Reform of Higher Education in Lithuania.
- 3 In 2009 a new Law on Science and Education has been adopted in
- 4 Lithuania, where a full member of ESU – Lithuanian National Union of
- 5 Students – was participating actively in promoting the reform, with
- 6 the main goals of reform as establishing higher education open and
- 7 transparent to the society by enhancing quality of higher education.
- 8 The first years of reform were marked with the essential
- 9 transformations of higher education in Lithuania – increase of student
- 10 engagement into higher education governance as well into quality
- 11 assurance. Financing of higher education has become more
- 12 transparent and motivates higher education institutions to invest
- 13 more into students.
- 14 In terms of past change of governing coalition in Lithuania after the
- 15 Parliamentary Election of October 2012, ESU expresses will to
- 16 observe a proper dialogue between all stakeholders and social
- 17 partners when ensuring the continuation of the reform in Lithuania.
